ANNOUNCEMENT.

We are authorized to announce,

BUCKNER LEAVELL

assistant for the office of Circuit Court Clerk

subject to the appointment of the Democratic party.

Sam Jones has closed his meeting in Nashville.

The Ohio Democratic Convention is

in session at Columbus to-day and is

liable to instruct for Cleveland.

Rob Ford, the slayer of Jesus

James, was killed at Crede, Col., last

Wednesday, in a bar-room fight, by a

man named Kelly.

Don't say "Rate" to Whitelaw Reid. He is sensitive on that point, so he ran a "run" printing office until the day before he was nominated.

Would-be Vice President Reid had one more than Reed the First. He ought to be able to "see" a question in the Senate without any trouble.

Chas. Hill, the colored tramp who assaulted Miss Sibley at Potosi three weeks ago, was captured last week and promptly lynched by a mob.

One of the Indiana delegates was named Shell or Shell. Perhaps this explains why such hordes were raised by the Indiana delegation at Minne-apolis.

Col. L. L. Folk, President of the Farmers' Alliance, died in Washington Saturday, of heart failure. He was a candidate for the third party nomination for President.

Bills admitting Arizona and New Mexico to statehood have passed the House, but they are Democratic territories the Republican Senate will see that they do not get in.

Kolb, the Alliance candidate, has split the Democratic party in Alabama and is heading for the Democratic nomination for Governor. The force bill plank in the Republican platform will insure a mighty small third party in Alabama and other Southern States.

Guthrie, Oklahoma, seems to be acquiring something of a reputation. Two negro brutes outraged the wives of white men Sunday and one of the rascals was pursued and shot down. The other was captured, but identification was not satisfactory and he was in jail in the meantime. A well-organized mob planned to protect the prisoners and the whites flew to arms and were preparing for wholesale slaughter if the negroes opened fire. The negroes made speeches threatening to burn the town if the prisoner was lynched.

DEATHS.

Mr. Benjamin Bradford, of Orwboro, father of C. W. Bradford, formerly of the Messenger, died last week, aged about 73 years.

Robert Nelson Green, infant son of Mr. Nelson D. Green, died at the home of his parents, Friday night, of cholera infantum. The infant took place Saturday.

On June 7, infant of Wm. Wood, four miles north of Fairview.

COLO.

Jennie Gholston, aged 16, died near Shiloh, 11 miles north of Fairview, on 10th inst.

MATRIMONIAL.

Boaz - Lerner - Archibald Boaz and Miss Lura Lester, of Wallonia, eloped to Clarksville one day last week and were married.

Gentlemen Not Ticketed.

Cerulean Springs, June 13. - Please announce that no invitations will be issued to gentlemen for the opening ball. All are expected.

S. W. GUNN & CO.

Advertisement of the Dead Sea.

The avaricious statement is published in the organ of the Palestine Exploration Fund, that the Dead Sea is 1000 feet deep, but that the Dead Sea loses every day by evaporation several million tons of water, and that the water is continually drawn off by the rays of the sun, the valley wherein the sea lies being one of the driest in the world. This statement is remarkable as being the deepest depression upon the earth's surface, and is about one hundred feet below the level of the Mediterranean, and rocky walls rising to twenty-and-a-half thousand feet on all sides. It is nourished only by the river Jordan, and there being no outlet, the water of the Dead Sea is the same as the ocean. The water is remarkable for its saltiness, being about 30 per cent. of salt, and is the saltiest water in the world. The water is also remarkable for its depth, being about 1000 feet deep, and for its transparency, being able to see 1000 feet down.

Whitewash Reid voted 1 vote from New Hampshire, 1 from Rhode Island and 2 from Texas. Lincoln received 1 vote from New Hampshire.

The convention concluded its labor at Friday night's session by the nomination of Whited Rose, editor and publisher of the New York Tribune, and ex-minister to France, for vice-President.

One of the objections presented against Mr. Reid's nomination was the attitude of the New York Tribune toward organized labor. The Tribune has been a champion of the working-class, and its editor, Mr. Rose, has been a mighty small third party in Alabama and other Southern States.

Guthrie, Oklahoma, seems to be acquiring something of a reputation.

all imports coming in to competition with products of American labor should be levied duties equal to the difference between wages abroad and at home. We assert that the price of manufactured articles of general consumption have been reduced under the operations of the tariff act of 1880.

We denounce the efforts of the Democratic majority of the House of Representatives to destroy our tariff by piecemeal, as is manifested by their attack upon wool, lead and lead in the first part of the bill.

dent love of our country, and the wise and consistent enforcement of the laws regulating the same.

We favor the admission of the Democratic party to the House of Representatives to destroy our tariff, as is manifested by their attack upon wool, lead and lead in the first part of the bill.

We point to the success of the Republican party to the House of Representatives, under the leadership of Mr. L. L. Folk, in the first part of the bill.
